AITCHISON

GRASSFARMER®

The new generation 3000 series Grassfarmer® is the one you've been waiting for - an improved and more refined version of one of the world's most popular grass drills.

Aitchison has raised the bar yet again with a redesigned seed drill specifically aimed at making even lighter work of re-seeding or renovating existing pastures.

Engineered to exceed your expectations with a raft of new and improved features, the Aitchison Grassfarmer® range of drills come in a choice of models. Built with the sort of quality workmanship you'd expect from a company that has built seed drills for more than 40 years, the Grassfarmer® models are available as Tine and T-Boot or as concave Disc opener versions.

Used in a variety of applications, the Aitchison Grassfarmer® range is versatile, so you can sow most seeds in almost any conditions, and durable.

All Grassfarmer® models require a minimum of maintenance and have the ability to sow accurately from as low as 1kg up to 350kg of seed per hectare.

Rodent stop slide mechanism on all models

Strong 25mm tines, designed for superior trash clearance

Unique Aitchison slim line castings and inverted T-boot

Larger 14" Disc coulters with a stronger axle design

All Aitchison Grassfarmer® drills provide excellent germination
