

HARRIER

H4

BUILT TO PERFORM. DESIGNED BY YOU.

Househam's latest generation of self-propelled sprayer with a high standard specification, efficiency, reliability and comfort at the heart of its design. The Harrier has been developed based on direct customer feedback from sprayer operators.

HIGH CAPACITY SPRAY SYSTEM

- ◆ 4000L GRP tank (stainless steel tank capacities also available, in 4000L, 5000L or 6000L)
- ◆ Additional clean water tank with approximate 10% capacity of main tank
- ◆ 24m twin fold boom or up to 36m triple fold with variable geometry boom levelling
- ◆ Fully enclosed side mounted spray system and minimal pipework
- ◆ In cab tank cleaning functions including boom flush, tank wash and tank rinse
- ◆ Recirculating booms for instant spray at the required pressure

LOW SOIL COMPACTION

- ◆ From 8,500kg dry weight
- ◆ Low weight chassis with front and rear A-frame axle for optimised weight distribution and traction
- ◆ All premium wheel and tyre combinations available

THE POWER TO PERFORM

- ◆ Powerful MTU 6R1000 Stage V 240hp 6 cylinder engine adhering to all latest emission legislation (up to 280hp optional)
- ◆ Sauer Danfoss wheel motors with Bonfiglioli reduction gearboxes
- ◆ Optional Househam Intelligent Transmission System (HITS) with traction and two-speed cruise control

CLASS LEADING RIDE ON ROAD OR FIELD

- ◆ Market leading self levelling air suspension system
- ◆ Low centre of gravity ensures stability whatever the terrain
- ◆ Optional automatic adjustable axle
- ◆ 1.1m ground clearance

ADVANCED SPRAYER TECHNOLOGY

- ◆ High precision spray system featuring automatic control of multiple sections up to Individual Nozzle Control (INC)
- ◆ Twin or quad line Auto Nozzle Select (ANS)
- ◆ Automatic boom levelling via ultrasonic sensors
- ◆ Spray Pilot hydraulically controlled automatic steering system
- ◆ Househam's touch screen TMC V6
- ◆ Optional NavGuide GPS mapping and light-bar guidance
- ◆ Standard, Advanced and Ultra lighting packages

OPERATOR COMFORT

- ◆ CLAAS Jaguar X10 Cab: spacious, quiet and fully air-conditioned cab
- ◆ Panoramic visibility
- ◆ Premium high back, climate controlled, air suspended leather seat
- ◆ Fully integrated armrest, joystick and control panels
- ◆ 27 litre high capacity fridge
- ◆ Radio with bluetooth connectivity
- ◆ Optional Category 4 filtration
- ◆ Full LED lighting as standard
